

Even More Options + Decorative Overlays

The LT Series is a family of all-purpose LED Trims designed to install into new construction or remodel recessed housings. Flip the switch to select between 5 color temperatures from soft white (2700K) and daylight (5000K) to find the perfect color temperature lighting for your project.

The LED Trims offer a safe, non-conductive dead-front trim in either baffle or smooth splay and a regressed diffuse flat lens for low-glare downlighting. In addition to matte white and matte black, decorative overlays can be ordered in bronze or satin nickel finishes.

When you're looking for the ideal balance of features and affordability, the LT product line is the perfect choice.

Product Features

- 4" and 5/6" sizes available in both smooth splay or baffle
- Compatible with most recessed housings
- 5-color field-selectable CCT™: 2700/3000/3500/4000/5000K; 90+ CRI
- Lens & Trim: Matte white or Matte Black plastic non-conductive dead-front trim and regressed flat lens
- Brightness: Multiple versions with 690 to 1385 lumens (nominal)
- Dims to 10% (phase cut LE/TE) with compatible dimmers; 120V input
- Orange LED Quick Connect and E26 adapter included
- AIR-TITE, wet location-listed, IC-rated, and ENERGY STAR® certified
- 35,000 life hours of maintenance-free operation
- 5-Year Warranty
